BUILDING INDUSTRIAL EXCELLENCE WITH COMPLETE TURNKEY SOLUTIONS

With decades of combined industry experience, Explore Infraprojects Private Limited delivers comprehensive industrial infrastructure solutions across India. From concept and design to execution and commissioning, we specialize in creating world-class industrial facilities that combine engineering precision, quality craftsmanship, and timely project delivery.

Whether it's an industrial warehouse, manufacturing plant, commercial flooring, roofing system, or structural civil work, we provide end-to-end project management under one roof.

ABOUT US

Explore Infraprojects Private Limited is an industrial infrastructure company specializing in turnkey construction solutions for manufacturing facilities, logistics parks, warehouses, commercial buildings, and heavy industrial projects. Supported by our experienced execution team and backed by the legacy of K.B. Enterprise, we have successfully completed large-scale industrial developments with a commitment to quality, safety, and innovation. Our approach focuses on understanding every client's operational requirement and transforming ideas into durable, high-performance infrastructure.

OUR VISION

To become one of India's most trusted industrial infrastructure partners by delivering innovative, sustainable, and high-quality engineering solutions.

OUR MISSION

- Deliver complete turnkey industrial solutions
- Maintain uncompromising quality standards
- Ensure timely project completion
- Build long-term client relationships
- Adopt modern engineering technologies for better efficiency

WHY CHOOSE EXPLORE INFRAPROJECTS?

Complete Turnkey Execution

From planning and engineering to construction and commissioning, we manage every stage of the project lifecycle.

Engineering Excellence

Our experienced engineers develop customized solutions tailored to each industry's operational needs.

Timely Delivery

Efficient planning and project management enable us to deliver projects within committed timelines.

Quality Assurance

Every project follows stringent quality control processes and industry standards.

Dedicated Project Team

Experienced engineers, supervisors, and project managers ensure smooth execution from start to finish.

Customer-Centric Approach

We believe in long-term partnerships built on transparency, reliability, and consistent performance.

OUR CORE SERVICES

Turnkey Industrial Projects

Complete concept-to-commissioning solutions for industrial and commercial infrastructure.

We undertake:

- Industrial Warehouses
- Manufacturing Plants
- Industrial Factories
- Logistics Parks
- Distribution Centres
- Commercial Storage Facilities
- Pre-Engineered Buildings (PEB)
- Conventional Steel Structures

Our turnkey services include:

- Project Planning
- Design & Engineering
- Structural Fabrication
- Civil Construction
- Procurement
- Installation
- Testing & Commissioning

Roofing & Wall Cladding Systems

High-performance roofing systems engineered for durability, insulation, and weather protection.

Our solutions include:

Galvalume & Colour-Coated Roofing

Durable roofing sheets offering excellent corrosion resistance and long service life.

Standing Seam Roofing

Leak-proof roofing system with concealed fasteners, ideal for large-span industrial buildings.

Insulated Sandwich Panels

PUF and Rockwool insulated panels for superior thermal efficiency, acoustic performance, and fire resistance.

Daylighting Systems

Natural lighting solutions using FRP and polycarbonate sheets to reduce energy consumption.

Industrial Ventilation

Turbo ventilators, ridge ventilators, and airflow management systems for healthier work environments.

Structural & Heavy Civil Engineering

Comprehensive structural construction solutions for industrial infrastructure.

Heavy Machine Foundations

Specialized foundations designed to absorb vibration and support heavy industrial machinery.

RCC Structures

Construction of:

- Factory Buildings
- Office Buildings
- Electrical Substations
- Security Cabins
- Control Rooms

Roads & Pavements

Construction of durable:

- RCC Roads
- Internal Industrial Roads
- Heavy Vehicle Parking Areas (R.C.C)

Industrial Drainage Systems

Efficient stormwater and industrial drainage solutions including:

- Peripheral Drainage
- Rainwater Management
- Box Drains
- Oil-Water Separators

Boundary Walls & Security Infrastructure

Construction of:

- Compound Walls
- Retaining Walls
- Industrial Gatehouses
- Security Gates

INDUSTRIES WE SERVE

- Manufacturing
- Warehousing
- Logistics
- Automobile
- Pharmaceutical
- Food Processing
- FMCG
- Chemical Plants
- Electronics Manufacturing
- Infrastructure Development

OUR STRENGTHS

- End-to-End Project Execution
- Modern Construction Technologies
- Experienced Engineering Team
- Strong Safety Standards
- Customized Engineering Solutions
- Cost-Effective Construction
- High Quality Materials
- On-Time Delivery
- Client-Focused Approach

OUR ACHIEVEMENTS

Successfully Completed

20+ Lakh Sq. Ft.

Industrial Infrastructure Projects

Currently Under Execution

5+ Lakh Sq. Ft.

Industrial Projects Across Multiple Locations

QUALITY • SAFETY • COMMITMENT

Every project is executed following strict quality control measures and safety protocols, ensuring reliable, durable, and efficient industrial infrastructure for our clients.

OUR LEGACY

Explore Infraprojects Private Limited builds upon the operational expertise developed through K.B. Enterprise, which has been serving the industrial sector since 2011 in construction support, industrial manpower, and project execution.

This strong foundation enables us to deliver projects with confidence, technical competence, and operational excellence.
